IMS Manual

1.2 QUALITY & OCCUPATIONAL HEALTH, SAFETY AND ENVIRONMENT POLICY

Union Pipes Industry LLC is committed to:

QUALITY, HEALTH, SAFETY & ENVIRONMENT POLICY

Union Pipes Industry (UPI) dedicates itself to providing quality products and services. Our customers' satisfaction is ensured by our technical team.

UPI is committed to prevent personnel injury and ill health at the workplace and prevent environmental pollution, and shall:

- * Comply with the relevant HSE laws and regulations of UAE and countries of export as applicable;
- * Construct, operate, maintain and dispose of our assets in a healthy, safe and environmentally sound manner;
- * Communicate this policy to all those working for and on our behalf and advise them of the individual HSE obligations;
- * Respond quickly and effectively should any accidents and incidents occur;
- * Train and encourage all employees to perform their jobs in a safe manner;
- * UPI shall ensure that outsourced services such as fire extinguisher maintenance, fire alarm; sprinkler system, waste management etc. meet all legal requirements regarding occupation health, safety, and environmental issues.
- * Set and review the HSE objectives and targets which are based on a sound environmental aspect-impact and risk assessment.
- * UPI staff, either in groups or as individuals, shall continuously strive to improve the effectiveness of all their activities at all times.

The Top Management of Union Pipes Industry believes that this Policy should be reviewed on an annual basis for continuing relevance and to ensure the QHSE objectives are being positively implemented.
